

The clinicians at DSM Associates Psychology Group have been closely following the latest information about the COVID-19 virus. Your health and well-being are of utmost importance to us. Dr. McKenna has resumed in-office neuropsychological evaluations, and clients will be asked to wear masks for these assessments. Dr. McKenna will begin seeing therapy clients in the office as of 6/1/2020. However, given the recent increase in the number of active cases in Benton and Washington Counties, we are urging people to be seen via telehealth sessions for as long as possible. Most insurance companies are covering these sessions at least through the middle of July. Feel free to contact your insurance company to find out its policy. Anyone who attends a session in person will be asked to wear a mask until the numbers of active cases in Northwest Arkansas declines. Dr. Smithyman will be in the office some days and doing telehealth sessions on others for the foreseeable future. Please contact her to inquire about her schedule.

To contact Dr. McKenna:

email: mckenna@dsmpsychologygroup.com

phone: (479) 202-9956 ext. 801

To contact Dr. Smithyman

email: smithyman@dsmpsychologygroup.com

phone: (479) 202-9956 ext. 802

We wish you all health and well-being.

Sincerely,

Sue McKenna and Debbie Smithyman
